### Subpart E—Payment of Dividends

#### § 5.60 Authority, scope, and exceptions to rules of general applicability.

(a) *Authority.* 12 U.S.C. 56, 60, and 93a.

(b) *Scope.* Except as otherwise provided, the restrictions in this subpart apply to the declaration and payment of all dividends by a national bank, including dividends paid in property. However, the provisions contained in § 5.64 do not apply to dividends paid in stock of the bank.

(c) *Exceptions to the rules of general applicability.* Sections 5.8, 5.10, and 5.11 do not apply to this subpart.

#### § 5.61 Definitions.

For the purposes of subpart E, the following definitions apply:

(a) *Capital stock, capital surplus, and permanent capital* have the same meaning as set forth in § 5.46.

(b) *Retained net income* means the net income of a specified period less the total amount of all dividends declared in that period.

#### § 5.62 Date of declaration of dividend.

A national bank shall use the date a dividend is declared for the purposes of determining compliance with this subpart.

#### § 5.63 Capital limitation under 12 U.S.C. 56.

(a) *General limitation.* Except as provided by 12 U.S.C. 59 and § 5.46, a national bank may not withdraw, or permit to be withdrawn, either in the form of a dividend or otherwise, any portion of its permanent capital. Further, a national bank may not declare a dividend in excess of undivided profits.

(b) *Preferred stock.* The provisions of 12 U.S.C. 56 do not apply to dividends on preferred stock. However, if the undivided profits of the national bank are not sufficient to cover a proposed dividend on preferred stock, the proposed dividend constitutes a reduction in capital subject to 12 U.S.C. 59 and § 5.46.

#### § 5.64 Earnings limitation under 12 U.S.C. 60.

(a) *Definitions.* As used in this section, the term “current year” means the calendar year in which a national bank declared, or proposes to declare, a dividend. The term “current year minus one” means the year immediately preceding the current year. The term “current year minus two” means the year that is two years prior to the current year. The term “current year minus three” means the year that is three years prior to the current year. The term “current year minus four” means the year that is four years prior to the current year.

(b) *Dividends from undivided profits.* Subject to 12 U.S.C. 56 and this subpart, the directors of a national bank may declare and pay dividends of so much of the undivided profits as they judge to be expedient.

(c) *Earnings limitations under 12 U.S.C. 60—(1) General rule.* For purposes of 12 U.S.C. 60, unless approved by the OCC in accordance with paragraph (c)(3) of this section, a national bank may not declare a dividend if the total amount of all dividends (common and preferred), including the proposed dividend, declared by the national bank in any current year exceeds the total of the national bank’s net income for the current year to date, combined with its retained net income of current year minus one and current year minus two, less the sum of any transfers required by the OCC and any transfers required to be made to a fund for the retirement of any preferred stock.

(2) *Excess dividends in prior periods.* (i) If in current year minus one or current year minus two the bank declared dividends in excess of that year’s net income, the excess shall not reduce retained net income for the three-year period specified in paragraph (c)(1) of this section, provided that the amount of excess dividends can be offset by retained net income in current year minus three or current year minus four. If the bank declared dividends in excess of net income in current year minus one, the excess is offset by retained net income in current year minus three and then by retained net income in current year minus two.
